The countdown is on: Ilmac Lausanne 2026 will soon open its doors. It's high time for the final check – from registering your stand staff to preparing your lead capture and personal fair agenda.

Have you thought of everything? Our event planner and success guide will help you tick off the last to-dos and prepare your exhibition presence optimally.

All information on organisation

Tips & Best Practices

Your next steps

Register your stand staff now

Remember to register all your stand employees in good time via the **Exhibitor Service Center (ESC)** before IImac. The step-by-step guide shows you how it works and how your staff will receive their personal exhibitor badge. This gives them access to the exhibition hall from 7 a.m. onwards.

Ready to go with IImac 365

Make sure you and your stand staff are registered on IImac 365 and have downloaded the IImac App. This is the only way to use the lead scan and other practical features directly during the event.

Well prepared on site

From a professional appearance at your stand to successful customer conversations: use our success guide for the final polish before IImac. Small details can make all the difference in leaving a lasting impression on your visitors.

With your personal voucher code you can send unlimited free admission tickets to your customers, partners and prospects – at no extra cost to you. Use your Prio Code and share it actively – the wider you spread it, the more you benefit!

Leads that count

How do you turn good fair conversations into valuable contacts? In our free **English-language webinar “Leads that count: Successful**

lead generation at IImac” you’ll learn how to make the most of lead management on site.

When? 8 September 2026 | 09:00–10:00 a.m

[Register for the webinar](#)

Your programme for inspiring fair days

Start planning your personal highlights now: the programme offers lectures, keynotes, panels, workshops, Speakers Corner sessions and networking opportunities on both exhibition days, covering current topics in the chemistry and life sciences sectors.

You’ll find the complete and up-to-date programme in the **IImac App**, on **IImac 365** or in the agenda below.

Get even more out of your participation

Reach talent with the Job Wall

Use IImac for your recruiting too: with a job advertisement on the Job Wall you’ll reach qualified specialists directly in the relevant industry environment.

Make your research visible

Present your research results on the **Scientific Poster Wall** and share your expertise with a broad professional audience.
